Some problems after surveying

For Online Google form – 32 enterprises :

- Not answer the question C8 – Internal organizational structure
- 15/32 answered D3 – “How many hirings have you made in the last 12 months and for which professional ? ”
- 13/32 answered D7 – “If the company will hire, how many hiring are expected and for which professional figures ? ”
- Not so many answered the professional figures.

Solved some problems

1. For Question about Internal Organization: search and find from company website
2. For matters of hiring and its corresponding professional figures: we can find out information in recruiting information of some companies but not all, telephone the contact person of company for more information.

Thank you!
